About Us

Shubhaditya Enterprises was established in the year 2008. The firm is a brain child of Mr. Jayesh Raut (Director) who has a vast experience of more than 30 years in the packaging Industry.

Polywoven Dunnage Air Bag

The purpose of a dunnage airbag is to secure the cargo and create a bulkhead during transit. That can be a sea container, a rail car, a truck, a vessel, or intermodal.

Container Thermal Liner

It is a protective foil liner application for shipping containers. Its designed to insulate and protect against radiation, container rain, and cargo sweat.

2 Ply Dunnage Air Bag

Dunnage air bags are a convenient; affordable solution for filling the void or empty space between boxes or pallet loads. 2-ply paper air bags are excellent for light-duty truck applications.

Coardstrap

We are leading supplier of a wide range of Cargo Securing Products mainly suitable for one-way transport requirements by rail, sea container, flat rack or other multi modal cargo movements.

Container Net

We are a leading company specialized in business of manufacturing and supplying Container Net. It is used as a safety net inside the doors of a shipping container to secure loose items during transit

Inflator Tool

Securing goods during transport not only requires the right load securing products, but also the right accessories for their professional application.
